PRESS RELEASE

YEAR XXI - n.7

2005 April 19th

TO THE NEW POPE BENEDICT XVI WE ASK TO CONDEMN THE CURRENT EXPLANT/TRANSPLANT MEDICAL HOLOCAUST WHICH WAS FAVOURED BY WOJTYLA the most cowardly ecumenical crime in history

Pope Wojtyla is a false myth who was established by the power of mass media and financed by the improper lobbying influence of medical profession and medical technology. A pope who would be useful to the western economy was needed, one who wouldn't speak out against live experiments, brain death with a still-beating heart and explants/transplants.

The Polish Pope, John Paul II, completed that which was either deceitfully or naively begun by Pope John XXIII and Paul VI in an alliance between the Church and the medical profession lobby.

During his pontificate several criminally abusive state laws were designed in Italy, the most important of which follow:

- The redefinition of death in terms of "brain death" with a still-beating heart (*L.578/93*);
- Declaration of "brain death" on a protocol basis in abbreviated time (*D.M. 582/94*);
- Violation of the rights of the comatose who undergo organ removal and torture under the opting out law for transplants, export and funding (*L. 91/99*);
- Authoritarian autopsies 20 minutes after a cardiac arrest (*DPR 285/90*) to top up the tissue banks;
- Removal of corneas even in peoples homes (*L. 301/93*);
- Removal of parts of the liver of healthy people (*L. 483/99*) along the same lines of the removal of a kidney from a healthy person (*L. 458/67* under Pope Montini).

For a quarter of a century there has been an escalation towards authoritarian death declared on a protocol basis and not naturally. This has been protected by the Pope's silence and his systematic delegation of the definition of death to a "science" diktat. In this way he has made himself responsible for the murder of thousands of comatose people confined to hospitals turned into concentration camps where the patient has become a mine for organs and the Public Health Service has become a market place. **The most cowardly ecumenical crime in history.**

He has held talks with explant and transplant surgeons in the Vatican. He took part in the 18^o International Congress of the Transplantation Society **at the same level** as surgeons whose conduct was inquired into like Prof. Cortesini (27-31.08.2000). He requested that we trust 'science' and organ donation, coluding with the deceptive wording of the propaganda which says 'removal from a corpse', whilst knowing that not only for the popular belief but also for the Catholic culture and tradition and by the same law, corpses, those true, are of no use for organ transplants..

We summon the new Pope Ratzinger "Benedict XVI" to apologize for the faults of Wojtyla and the Church in the current medical explant/transplant holocaust.

Nerina Negrello
